

Peachtree[®]

by Sage

Introducing the latest release of Peachtree[®] small business accounting solutions.

You may have noticed something new about our name. Peachtree products are created by Sage Software, formerly known in the U.S. as Best Software. Although Peachtree has been in the Sage family since 1999, this is the first time we've added Sage to the Peachtree name.

sage
software
Your business in mind.

PEACHTREE® BY SAGE 2006

General Business Solutions:

Peachtree by Sage Premium Accounting 2006

Peachtree by Sage Premium Accounting 2006 – Accountants' Edition

Since its introduction nearly 30 years ago, the Peachtree line has been recognized in the accounting software market for providing small business owners and their employees with the insight essential to making better business decisions. Designed for small-business owners who understand the importance of accounting in managing their business and achieving their goals, the Peachtree line includes a solution for virtually every need and budget—from basic to advanced. From the entry-level simplicity of Peachtree First Accounting 2006 to the powerful features of our industry-specific solutions for 2006. Peachtree 2006 products help you get the insight behind your numbers.

The Helpful Support You Deserve!

All Peachtree products offer multiple Help options so you can quickly answer questions and resolve issues.

- **All first-time Peachtree customers get 30 days of free support upon registration!**
- Take the Peachtree Guided Tour for an overview of product features and navigation.
- More than 20 Instructional Demos are available, showing how to handle routine tasks.
- The interactive “How Do I?” feature answers specific questions on using Peachtree.
- You can always access in-product Help and the online Knowledge Base of FAQs.
- We offer a variety of Peachtree Customer Support plans¹, and our support center is SCP-certified as meeting or exceeding industry standards for customer satisfaction and responsiveness.

1 Additional fees apply.
